Protecting Your Dairy Farm or Hobby Farm for Property Loss and Personal and Farm Liability.

We're experienced writing comprehensive farm policies for dairy, horse, produce, and livestock farms. Our Farmowners policy includes protection from loss to your farm residence, scheduled farm personal property (including livestock), barns, and structures along with your personal and farm liability.

We are comfortable insuring your hobby farm and can tailor a policy to fit your needs.

A direct representative of our Company will come out and meet with you to personally inspect your premises and help you evaluate your operation. We want to be sure your home, barns, and outbuildings are protected properly.

We also cover farm equipment and livestock on our Inland Marine policy. And, if you need just property insurance, call us about our Dwelling Fire policies. We can cover one or more of your "farm use" buildings for Named Perils coverage.

There are discounts available for clients with safety devices and you may qualify for multiple discounts, subject to risk evaluation. For a complete review of coverages available to you, don't hesitate to call us at (315) 737-5911.
